Town Meeting Warrant

To the inhabitants of the Town of Littleton qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall and Police Court Room in the Town Building, on the 8th day of March next, being the second Tuesday of March, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose a Town Clerk, three Selectmen, (one for the term of three years, one for the term of two years, and one for the term of one year,) a Town Treasurer, an Auditor, a Collector of Taxes, an Overseer of the Poor, an Agent to prosecute violations of the liquor law, three members of the Board of Trustees of the Public Library, each for the term of three years, in place of Lydia D. Jackson, Stella B. Farr and Jane T. Robinson, terms expired, three Trustees of Trust Funds, (one for the term of three years, one for two years and one for one year,) in place of George H. Tilton, Edwin H. Gould and Hosea B. Mann, terms expired; a Constable and two Highway Agents.

Article 2. To raise and appropriate such sums of money as may be necessary for the laying out, construction and repairing of highways and bridges, for the payment of the Town debt and interest, for the maintenance of the poor, and for all other Town charges.

Article 3. To see what action the Town will take for the purpose of securing State aid for Trunk line

construction of highways in this Town under the provisions of an act to provide State aid and for the expenditure of other public moneys in the construction of main highways throughout the State in accordance with Chap. 155, Laws of 1909, or Chaps. 158, 162, or 168, Laws of 1913, or Chaps. 51 or 93, Laws of 1915.

Article 4. To see what action the Town will take for the purpose of securing State aid for Trunk line maintenance of highways in this Town in accordance with Chap. 133, Laws of 1911, Sec. 27.

Article 5. To see what sum of money the Town will raise and appropriate for the observance of Memorial Day.

Article 6. To see what sum of money the Town will raise and appropriate for a free bed or beds at the Littleton Hospital for a period of one year.

Article 7. To see if the Town will vote to raise and appropriate money, and if so, how much, to be expended under the direction of the Selectmen, in co-operation with the State Forester, in the work of preventing the spread of the disease, commonly known as White Pine Blister Rust.

Article 8. To see what sum of money the Town will raise and appropriate for free, open-air band concerts, and pass any vote in relation thereto.

Article 9. To see what action the Town will take about constructing a highway bridge and approaches across the Ammonoosuc River, from Union Street to the Redington Meadow so-called, and providing for the payment of the cost of the same, by bonds, notes, or otherwise.

Article 10. To see what action the Town will take in relation to the discontinuance of that portion of the highway, laid out by the Selectmen, March 19, 1910,

northerly of the right of way of the Boston & Maine Railroad.

Article 11. To see if the Town will vote to exempt from taxation the Nurses' Home, so-called and the grounds connected therewith, being the property formerly owned and occupied by Henry E. Richardson.

Article 12. To see what action the Town will take with reference to discontinuing the highway leading from the main highway near the J. H. Smalley place to the Palmer place, so-called, in North Littleton.

Article 13. To see what action the Town will take relative to a public dedication of the Community House as a memorial to the services of the soldiers and sailors from Littleton, in the World War, 1917-1919.

Article 14. To see what sum of money the Town will raise and appropriate for the Recreation Commission to equip and operate a neighborhood building or community house.

Article 15. To see what action the Town will take with reference to the matter of authorizing the Selectmen to give any druggist, doing business in this town, a prescription permit to sell pure spirituous and malt liquors for medicinal, sacramental, mechanical and scientific purposes, as provided in Chapter 147 of the Laws of the State of New Hampshire.

Article 16. To bring in your ballots upon each of the questions submitted by the Convention to Revise the Constitution relative to the amendments proposed by said Convention at a session held on January 28, 1921.

Article 17. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

Article 18. To choose any other necessary town officers for the year ensuing, and to choose or elect any agents or committees which may be necessary to carry into effect any vote that may be passed under this warrant.

Article 19. To transact any other business that may legally come before the meeting.

Given under our hands and seal this 19th day of February, 1921.

O. A. MOONEY,
H. B. MANN,
M. H. ALLEN,
Selectmen of Littleton.

REPORT OF BOARD OF EDUCATION

To the Citizens of Littleton:—

We herewith submit our annual report of the schools, which you have placed under our care. We refer you to the Superintendent's report, for details of the educational part of the work.

As our attention is largely confined to the financial side, we call your attention to the following facts:

1. The increase in the expenditures the past year. over former years, is due to the increase in cost of transportation, fuel, and especially salaries of teachers. Good teachers cannot be retained in town, nor secured elsewhere, without adequate salaries. The School Board has also had the added expense of shingling the Kilburn school, and retopping the chimney of same.

2. The added increase in our budget, which we recommend for the coming year, is due to the causes stated above.

(a) Since September 1, your committee has been obliged to pay more for transportation than ever before. This is for the past half year. With a whole year before us, there will be just double the increase in cost, unless new arrangements can be made to reduce the figures.

(b) Regarding fuel, we shall have to pay the market price.

(c) The increase in teachers' salaries beginning last September, amounts to $3,000.00 for the past fiscal year, or a total of $6,000.00 for the ensuing year. Your committee believes this cannot be reduced, without vitally weakening the efficiency of your schools.

(d) Regarding outlay on school property, your committee for several years, has realized the antiquated and worn out sysetm of toilets in the Kilburn school, and we recommend that the Union School District appropriate sufficient funds to install a new sanitary system. We desire further, to inform the District that the two furnaces and boiler in the Kilburn school are worn out, and must soon be replaced by some other heating apparatus. A big saving of fuel could be obtained from one fire, rather than three, as at present.

We also call your attention to the fact that the heating apparatus in the main high school building is not satisfactory, and is but a makeshift, with trouble likely to occur, at any time, necessitating the closing of the building. It is the judgment of your Board that the School District should seriously consider the advisibility of installing a central heating plant which would take care of the three buildings, and reduce the number of fires from six, to one or two.

As a Board, we wish to thank the Citizens for the hearty support always given our schools. In a year when retrenchments must be made in some departments, we trust that the citizens will remember that the school department needs adequate appropriations, to enable our children to receive efficient training.

GEORGE F. ELLINWOOD

SUPERINTENDENT'S REPORT

With which are submitted the Reports of the Headmaster of the High School, the School Physician, and the School Nurse.

School Board of Littleton.

Gentlemen: The school year ending August 31, 1921 was a critical one. The mounting costs of living abetted by the economic law of supply and demand produced a feeling of restlessness among the teachers of the country which affected our corps. Nevertheless our teachers kept their poise and carried through a high grade of accomplishment.

The readjustment of salaries to higher levels made by your board resulted in carrying over to the present year eighteen out of the thirty of last year's staff. Of the twelve lost to the system two left because of marriage, four desired a change of locality, four were attracted elsewhere by higher salaries and one re-

sumed her education by attending Plymouth Normal school.

For the first time in years our circle was broken by death. Miss Isabelle Richardson was graduated from Littleton high school in 1912, secured her higher education in Teachers' College of Columbia University, New York City, returned to her native village, and gave the best years of her life to superior teaching and service in the domestic arts department of our schools. During her teaching many young women were quickened to higher ideals of home-making. Her administration of her department gave it high standing. The influence of her winning personality and her Christian character will not soon pass away. Her death has left a memory and tradition of unusual devotion.

Vacancies were filled in all but three cases by teachers of experience. No successor to Miss O'Keefe at Apthorp was necessary as grades 5 and 6 were grouped in one room. Three changes have taken place during the present year. The vacancy in high school grade 7 made by the marriage of Miss Frances Burns was filled by the transfer of Miss Paul from grade 6. Miss Elizabeth Scripter of Old Orchard, Me., succeeded Miss Paul. At Apthorp Gladys Myott teaches grade 2 during the illness of Miss McKeen.

Mrs. John Langford, and Mrs. Catherine Cummings Mooney have been employed as substitutes.

It will be noted that ten of our high school graduates are now teaching in our schools. We are employing three graduates of Keene Normal, five of Plymouth Normal, and six college graduates. Six of our teachers attended last summer's session of Normal school or college. All of our force are students of their profession, loyal, cooperative, and organized for their own improvement.

Statistics from Superintendent's Report to the State

Board of Education for the year ending August 31, 1920.

Average membership	788
*Per cent of attendance	92.2
Perfect attendance	32
**Cases of tardiness	779

Visits by Superintendent	964

Enrollment in all schools together up to February 1, 1921 for present school year, 837

*In spite of severe weather.
**Averages less than 1 per pupil.

THE HIGH SCHOOL.

The standards of the high school are being maintained by Mr. Doody and his staff of assistants. Your attention is called to the accompanying report of the Headmaster.

THE EVENING SCHOOL.

Work was resumed the first week in October. Thirteen were enrolled, eleven of whom were in last winter's classes. Three have been lost by removal, and two by reason of illness. At present the enrollment is eight. All of the class are mature men and women anxious to gain a knowledge of English. Miss Auger is the teacher. On an average six earnest folk have trudged up the long hill two nights each week to avail themselves of the privileges of this class.

Table showing present teaching staff of the Littleton Schools. Under "Education" the school or college from which the teacher holds a diploma is given first. The last column shows the number of pupils Feb. 1, 1921. Possession of a diploma from college or normal school presupposes graduation from high school or academy.

HEALTH SUPERVISION

Grateful appreciation is again due the Red Cross Chapter for the superior services of Miss Lucy Gillette as school nurse. The citizens of Littleton who have contributed to the Red Cross Fund may find abundant proof of the efficacy of their giving in the accomplishment of this efficient woman for the health of their children. For two years we have had this excellent service without other cost to the district than a slight bill for transportation. I am anxious to have it continued.

Dr. J. M. Page, as school physician and health officer has been an invaluable co-worker. The reports of Miss Gillette and Dr. Page are given herewith.

TRUANCY

After five years of excellent work, Mr. George William Smith resigned as truant officer and his place was filled by the appointment of Miss Lucy Gillette. Her wide acqaintance with the families gives her unusual opportunities to serve in this capacity. Since Sept. 1 thirty-five cases have been investigated. Judge Heald's assistance has been found indispensable in six of them.

REV. P. J. ROBINSON

Mr. Robinson was chosen to the Board of Education the year I was appointed Superintendent of Schools. For four years he served the schools giving freely of his best and quite literally spending the last years of his life for them. He was to me a counsellor and friend. It is a gracious privilege to pay tribute to his memory.

IN CLOSING

Let me express to you, gentlemen of the School Board, my gratitude for the unfailing kindness that

has made my fifth year as superintendent so delightful. I am also mindful of the support and cooperation of the citizens of Littleton.

Respectfully submitted,
GUY E. SPEARE,
Superintendent of Schools.

REPORT OF HEADMASTER

Mr. Guy E. Speare, Superintendent of Schools:

I herewith submit my annual report as Headmaster of Littleton High School.

This report deals with the last half of the school yeas 1919-1920 and the first half of the year 1920-1921. As stated in the preceding report the total enrollment had reached 171 pupils. Three more entered in the spring term, making the enrollment for 1919-1920, 174 pupils.

Graduation exercises were held June 17, 1920, at the Littleton opera house, when diplomas were presented to 35 graduates. The following table shows the present occupation of members of this class:

	Girls	Boys	Total
Students in other institutions	8	5	13
Employed in Littleton	6	10	16
Employed elsewhere	2	4	6
	16	19	35

Three of the young men who are employed in Littleton are planning to continue their studies next fall.

A glance at the above table shows the two-fold purpose of the present day high school. It not only prepares the student for college but also for service to the communtiy. It is highly commendable that nearly one-half the members of this class are giving their services in the town which educated them.

The school year 1920-1921 began Sept. 7, 1920, with an enrollment of 173 pupils. Of this number there are 23 tuition pupils from the towns of Bethlehem, Carroll and Waterford.

	Boys	Girls	Total
Seniors	18	19	37
Juniors	19	30	49
Sophomores	14	23	37
Freshmen	22	28	50
	73	100	173

The school was very fortunate to be able to keep a number of experienced teachers and to make an excellent selection of new teachers. The loyalty and spirit of cooperation shown by all the teachers has made this year a profitable one.

Another good feature of this year's work has been the seriousness and earnestness of purpose on the part of the students. The percentage of failures has been low, the attendance good, and the number of unexcused tardinesses few. As an evidence of the desire to do more than the required work 21 pupils are taking extra subjects.

Each teacher has been made responsible for at least one of the outside activities of the school. Among these activities may be mentioned: Senior dramatics, the Record, the Agora, girls' basket ball and the school orchestra.

The athletic teams have been ably coached this year as in the past by Mr. Herbert H. Downing and Mr. Charles McHugh. These gentlemen have given unsparingly of their time and energy in the interest of clean athletics. A larger number of boys are taking part in athletics each year.

In the morning assembly period pupils have been given an opportunity to appear before the school and to give talks upon topics of interest to all.

The number of visits of parents and townspeople has been increasing from year to year. Last year nearly 100 Littleton people called at the school. Teachers and pupils alike are always appreciative of this manifestation of interest in their work.

I wish to thank you, Mr. Speare, the Board of Education and the people of Littleton for the kindly interest shown at all time in Littleton High School and its activities.

Respectfully submitted,

STEPHEN A. DOODY.

PHYSICIAN'S REPORT

To the Superintendent of Schools:

I submit my report of inspections of the village and rural schools:

Number of children inspected 778; total number found with physical defects, 387; number found with defective teeth, 253; number found with hypertrophied tonsils, 78; number found with adenoids, 29; number found with orthopedic defects, 19; number found with defects of hearing, 4; number found with defective vision, 7; nervous disease 1; cardiac disease 2; skin disease 3; goitre, 32; scabies, 10; all have been treated. Unvaccinated 42; 37 have been vaccinated. Treatment has been secured in 98 cases largely due to the follow up work by the school nurse, Miss Gillette.

JOHN M. PAGE, School Physician.

DISTRICT NURSE'S REPORT

To the Superintendent of Schools:

The health and social service work of the schools during the past year has been very interesting and

we find many improvements in the general condition of the children.

The follow up work, after medical inspection, has been getting defects corrected, arranging for hospital care when necessary, teaching and aiding mothers in the care of the children, and giving relief in food, clothing and money when necessary.

Some of the defects and illnesses found and cared for were: teeth, ears, eyes, orthopedic cases, skin, typhoid fever, diabetis, tuberculosis, malnutrition, and infantile deformities.

Physicial exercises in the grades under the direction of Miss Sherburne, folk games taught by Mrs. J. Elmer Harrington, a successful public health field day, and hot noon lunches in two schools, were introducted the past year. This year a new plan was tried for the noon lunch. The chairman, Miss Bronson, sent out a statement to the parents regarding the need of hot lunches and the change in price from three to five cents. The lunches are prepared by the domestic science department, the older boys and girls assisting in the work and serving.

We are supplementing the hand work in the school by classes in sewing, darning and knitting for the special grade and other girls under the direction of Mrs. George McDanolds at Red Cross headquarters, who also has a class for mothers who are learning to sew and make over garments for the children.

We have accomplished a great deal in the care of the children through the volunteer service of the medical inspector, many were vaccinated free of charge, and when a child needed medical attention and could not pay we have been able to send him to the inspector for diagnosis and advice, thus we are hoping to work out something worth while in our delinquent and truancy problems. Our physicians, oculist and dentists are ever ready to give of their services when necessary.

We feel that the Junior Red Cross is an important phase of our work. It is a question of utilizing the great idealism of the Red Cross to the uplifting and upbuilding of the conceptions of American citizenship in our boys and girls, and of inculcating the idea that, after all, the great idea of democracy is the ideal of service.

Respectfully submitted,

LUCY GILLETTE, R. C. N.

Feb. 5, 1921. Examined and found correct,
HARRY D. GREEN, Auditor.

LIBRARIAN'S REPORT

To the Board of Trustees of the Littleton Public Library:

I herewith submit the annual report of the library. The statistics are as follows:

Number of volumes Feburary, 1920		13,240
Increase by purchase	410	
Increase by gift	60	
Total increase	470	
Number of volumes Feburary, 1921		13,710

Books rebound including magazines	82	
Books replaced	24	
Books destroyed or withdrawn	200	
Total circulation		34,220
Largest circulation in one month, Jan. 1921		3,547
Largest circulation in one day, Saturday January 22		375
Per cent of fiction circulated		84.75
Per cent of nonfiction circulated		15.25

CIRCULATION BY CLASSES

Fiction, adult	19,564
Fiction, junvenile	9,349
Biography	448
Travel	513
History	776
Literature	1,110
Fine arts	119
Useful arts	242
Science	284
Philology	10
Sociology	246
Religion	79
Philosophy	115
Miscellaneous	1,365
Total	34,220

LIBRARY NOTES

As the service of the library to the public is the vital issue in any library which depends for its maintenance on the generosity of the town appropriations, it consequently follows, that if the library is well patronized it seemingly is fulfilling its primal duty, and the past year according to the statistics, records the circulation as being the highest ever attained, an increase of nearly three thousand more than the preceeding year. It is very satisfactory to know that more books have

been circulated, more names added to the borrowers' list than ever before, but these records of increase in activities only involve extra duties, as well as more books to be added to meet the ever increasing demand, more books worn out and constantly more to be replaced and more to be rebound and repaired, and the mending of books which must be done in order to keep any books on the shelves suitable for circluation has increased to such an extent that many extra hours of work outside of the regular library hours have been necessary; and in a measure much has been accomplished, though not in a permanent way, but simply to "keep going." The library was fortunate this past year in having the appropriation from the town increased by an additional three hundred dollars, with out which it would have been impossible to have reached the present standard of usefulness. This extra appropriation made it possible to have more assistance and more is yet needed to keep the work within bounds. The assistance of Mrs. Fisher, who has completed a year of service proved invaluable, and it is regretted that it is not yet possible to have the services of the assistant extended to cover more hours.

It surely is not necessary to dwell on the increased cost of all library supplies, as the increased cost of maintenance is now fully realized by all, whether it be of the individual or in public affairs.

The increased cost of maintaining a library, that is, any library which is doing effective work, has increased according to various estimates nearly one half more than in pre-war days, so it clearly is brought to mind, that with the work doubled in the past ten years, even with the extra provisions which have been in use, there is yet not as much to expend to meet the extra needs. During the past year more books have been added to the children's list, and it was necessary to replace many books which had given years of good

service. Among the new books added for use in the children's room was the Book of Knowledge a valuable set of encyclopedic books of twenty volumes, also books of science and nature studies suitable for the young readers.

Among the worth while books for the general public is a set of War Histories of five volumes together with books of Biography, Letters, Travel, Literature, and Scientific books which while limited in number have been chosen to cover as many classifications as possible. As the increasing demand for fiction continues unabated, the list of last year was far from sufficient and it will be necessary to add more to the fiction list the coming year, but it must not be done by eliminating the more worth while books. During the latter part of June the library was visited by Miss Grace Kingsland the Secretary of the Library Commission who gave one week of her time allotted to libraries throughout the state, and gave much assistance in classifying the War Books according to the latest approved system, and in advising in many ways which would work for efficiency. Miss Ruth Proctor a student from Simons College spent about two weeks' time doing practice work as prescribed by the library course she was taking. These extra services were most helpful in making the library more efficient along the modern requirements of library service.

A most sincere appreciation is extended to those having the welfare of the library in mind by gifts of books and magazines. The library must not in these busy times, when so many need its services fail in doing its utmost, and to those interested in its welfare the message is to work and strive for more advance, not being content with past success but adding each year all possible of those things which build for higher ideals.

Respectfully submitted,

JENNIE E. SMITH, Librarian

VITAL STATISTICS

FOR THE

YEAR ENDING DECEMBER 31, 1920

Births Registered in the Town of Littleton, N. H., for the Year Ending December 31, 1920.
